Five Images...Five Senses...

“I do not simply paint onto
canvas. I live in a world of
senses, and i express this
world on the canvas through
stories of stolen moments of
passion or pleasure”

Come and Meet Fabián Pérez

Saturday 17th June, 3pm-5pm

At Whitewall Galleries, Knutsford

Cinco Sentidos, Fabian's new collection of limited editions takes us way beyond the visual world and mounts an all-out appeal to our senses. As well as **seeing** the light, colour and movement of the flamenco, we are invited to **hear** the beat of the dance, experience the **touch** of a close embrace, enjoy the **taste** and **aroma** of fine wines shared with friends. The interweaving of these different ways to experience the world makes Fabian's work a unique sensory experience.

We will also be celebrating the launch of an arresting series of new original paintings.
